

Large Scale(2/1) of X-X' Section

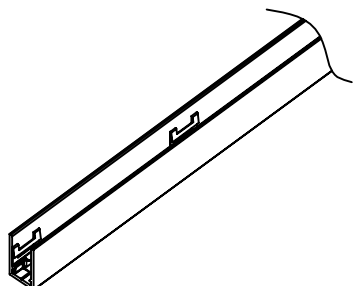

Precaution for Installation

1. AL Rigid Channel is for the installation of Atex Long Silicone Light Mini / Tsubaki Seamless Light Mini Type H ("the product").
Do not use it for other than intended purposes.
2. In case of installing the product onto a wall or a ceiling, please use the channel and Fixing Holder (FAGS-HA) to prevent from the product falling as Instruction Manual.
3. To secure the channel properly, mount the channel onto a wall and tighten a screw into the screw hole.
4. Minimum horizontal bending radius of the product is R60 mm.
5. In case of installing the product vertically onto a wall or a pole, it will slide down.
Set a L-Shape bracket beneath the product as Instruction Manual of the product.
Do not pinch the lead wires between L-Shape Bracket and a wall to prevent fire and failure.

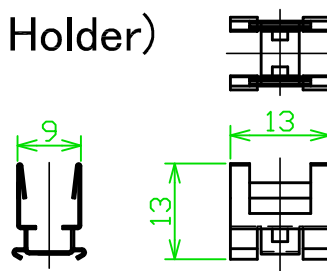

Note

Screws are not included with the channel.
